**OVERVIEW**

Intellectual Property (IP) has emerged as a strong tool for building and sustaining competitive advantage in the contemporary knowledge economy. Both domestic and international competition is boosted by the scientific and technological progress in a sustainable manner by utilizing the Intellectual Property Rights (IPRs). There is a direct rationale for providing a healthy and global system for protection of IPR, due to their role in wealth creation. Moreover, the technology, investment and trade, which are key drivers of economic growth, are imbedded in IPR protection. The Indian Intellectual Property Office is dedicated to mobilize the use of intellectual property for economic and social development by creating an IP (Intellectual Property) culture and enhancing knowledge & competencies is synchronising with the global environment.

Some of the major milestones that India has achieved on Intellectual Property Rights (IPRs) are visible as detailed below:

* The online filing of the Patent applications introduced on 20th July 2007 with a very good response.
* The first phase of the modernization project entrusted to NIC completed successfully under which the various modules have been developed in order to help in processing the patent applications electronically and also to simplify the procedures.
* The Controller’s decisions issued under various provisions of the Patents Act have now been made available to the public on the website.
* The granted patents also being made available to the public through website.
* Online publication under section 11A has also been made searchable
* WIPO declared Indian Patent Office as International Searching Authority (ISA) as well as International Preliminary Examining Authority (IPEA) and provided a time of one year to start functioning.
* A record number of patents (15261) granted during this year as compared to previous years.
* A draft manual of patent office practice and procedure prepared and uploaded on the website for public comments.
* A number of patent examiners were sent for training in the European Patent Office, United States Patents and Trademarks Office and Japan Patent Office. Apart from this, some senior officers also went abroad to conduct research studies in the field of intellectual property.

* Plan for setting up of National Institute of Intellectual Property (NIIPM) of Rs 19.21 Crores approved.

* Foundation stone for NIIPM has been laid.

* National Institute of Intellectual Property Management( NIIPM)earlier IPTI, conducted training programmes for public, users including agents, scientists etc.

* Second phase Modernisation plan for IPO for Rs 300 crores was approved.
With the increasing responsibility, the office of the Controller General of Patents, Designs, Trade Marks and Geographical Indications, a subordinate office of the Department of Industrial Policy & Promotion (DIPP) under the Ministry of Commerce & Industry, Government of India, has taken all appropriate measures to administer the IPR laws more effectively so that more and more members of the public are increasingly attracted to create intellectual property assets. Under its control, Patents, Designs, Trade Marks & Geographical Indications laws are being administered in the country. Additionally, Patent Information System (PIS) and the National Institute of Intellectual Property Management (NIIPM) at Nagpur previously known as Intellectual Property Training Institute (IPTI) are also under its administrative control. All the IPR offices are now functioning in their own modernized buildings in the metros at Chennai, Delhi, Kolkata and Mumbai.

Organizational details with hierarchical position of Intellectual Property offices are given below:

The offices under the CGPDTM are revenue generating. During the year 2007-2008, through Intellectual Property (IP) administration, the Patent Office has generated a total revenue of Rs.131.24 crores (Patents Rs. 130 Crores & Designs Rs. 1.24 crores), the Trade Marks Registry Rs 63.00 crores, GIR Rs. 0.041 Crores and NIIPM(IPTI) Rs.0.027Crores. The non-plan expenditure in respect of the Patent Office (including the Design Wing) was Rs.15.83 Crores, the Trade Marks Registry Rs. 5.57 Crores , GIR Rs.0.059 Crores, NIIPM(IPTI) Rs.0.067 crores. During the year 2007-2008, the total revenue earned by the office of the CGPDTM was Rs. 194.31 Crores, while total non-plan expenditure was Rs.22.68 Crores leaving a revenue surplus of Rs.171.63 crores.

ANNUAL REPORT RELATING TO DESIGNS UNDER THE DESIGNS ACT, 2000 FOR THE YEAR 2007-2008
1. INTRODUCTION:

The Designs Act, 2000 is administered through the Design wing of the Patent Office, Kolkata under the Office of the Controller General of Patents, Designs, Trade Marks and Geographical Indications.

The Designs Act 2000 was made effective from 11th May 2001 repealing the earlier Act of 1911. This Act, with corresponding Designs Rules 2001, provides for the registration and protection of industrial designs as an element of intellectual property rights. These include extension of copyright duration of the existing registered designs and miscellaneous post-registration work. It recognizes activities, which are the creation of features of new shape, configuration, surface pattern, ornamentations and composition of lines & colours applied to articles to enhance their visual appeal.

The applications for registration of Designs applied to articles are classified according to International Classification system for better search.

The various activities for comprehensive computerization of the Design wing of the Patent Office have been initiated under the guidance of NIC. Digitisation of the Design applications and preparation of e-Register have already been started.

The modernization project initiated earlier was to cover activities relating to infrastructure upgradation of the design library, integration of information technology in the work processes, generation of awareness on the system & development of human resources. The technical assistance of the World Intellectual Property Organization (WIPO), Geneva was also obtained in this initiative.

A front office software has already been installed to provide the auto generated application number as soon as the design application is filed in any of the offices at Kolkata, Delhi, Chennai & Mumbai. This helps the applicants for obtaining application number instantly on filling application.

In order to generate awareness about Design related Intellectual Property Rights, a public information programme was taken up and the officers were sent in different workshops / Symposia organized by different agencies. Information brochure has been revised in order to provide more explicit information.

2. DESIGN APPLICATIONS FILED & REGISTERED

The number of applications filed for registration of designs during the year was 6402 showing about 16% increase in comparison to the previous year’s total of 5521. The applicants in India filed 3873 applications while the remaining 2529 applications were originated abroad.
In the case of applications originating from abroad, U.S.A. lead with the maximum number of applications followed by Germany, Japan, U.K., Switzerland, Italy, Republic of Korea etc. The country-wise break up figure is as shown in brackets: U.S.A (599), Germany (383), Japan (311), U.K. (168), Switzerland (139), Italy (102), Republic of Korea (101), Netherlands (92), France (81), Finland (78), Saudi Arabia (68), Sweden (52), Australia (50), Republic of China (32), Canada (27), Denmark (25), Austria (18), Spain (17), New Zealand (15), Norway (15), Malta (15), Israel (14), Taiwan (14), Malaysia (13), Belgium (12), Singapore (12), Cayman Islands (07), South Africa (06), Mauritius (06), Poland (05), Thailand (04), Turkey (04), Hong Kong (03) and others. There were 2082 applications claiming priority under the reciprocal arrangements between India and other convention countries. The leading Foreign Companies were Siemens Aktiengesellschaft, Nokia Corporation, Alfanar Co. Ltd., Kohler Co., Honda Motors Co. Ltd., Apple Inc., SAP Ag, Dr. INC H.C.F.
Similarly, leading Indian companies were Bilcare Ltd., Crompton Greaves Ltd., Ajanta Ltd., Tata Motors, Maa Designs Pvt. Ltd, Cello Plastic, Eicher Goodearth Ltd., Jaipur Rugs Co. Pvt. Ltd., Punita trikha, Nayasa Homeware, National Institute of Design, Nilkamal etc.

During the year, 527 applications were filed for the registration of articles relating to equipment for distribution or controller of electrical power under Class 13-03. Similarly 488 applications were filed under class 09-07 which relates to closing means and attachments. Besides these, the most of applications relates to food stuffs, packages, containers for the transport or handling of goods, communication devices etc. It is observed that 102 applications were filed for the registration of designs on articles relating to textile which is only 1.6% of total applications. 6300 applications were filed for the registration of non-textile designs during the year 2007-2008. Applications for registration of designs in the non-textile category were related mostly to domestic and industrial articles.

**Break-up of applications filed according to the class of articles**
3. EXAMINATION OF DESIGN APPLICATIONS

All the applications filed (6402) during the period under report, along with 995 pending applications brought forward from the previous year were taken up for examination during the year. Out of total 7397 applications; 6183 applications were examined however, 276 applications were not registered on grounds of abandonment and refusal under the Designs Act and the Rules. The number of designs registered during the year was 4928 including applications filed in 2006-2007. 49th ANNUAL REPORT RELATING TO TRADEMARKS UNDER THE TRADE MARKS ACT, 1999 FOR THE YEAR 2007-08
INTRODUCTION
The purpose of enacting trade mark legislation is to provide for the registration and better protection of trade mark for goods and services and to prevention the use of fraudulent marks on merchandise in the country. The registration of a trade mark confers certain statutory rights on the Registered Proprietor which enables him to sue for infringement of the trade mark irrespective of whether or not the mark is used. This is in addition to the common law right to sue for passing off. The Trade Marks Registry administers the Trade Marks Act, 1999 and the rules framed there under. The Act and Rules came into force on 15th September, 2003. The Head Office is located at Mumbai and branch offices at Delhi, Kolkata, Chennai and Ahmedabad. With the growing awareness about IPR in general and trade marks in particular in the country, the role and responsibilities of Trade Marks Registry has progressively increased. This role is expected to further expand with the introduction of protection of trade marks for services, well known marks, collective marks, provision for multi-class filing etc under the Trade Marks Act, 1999. The registry is also in the process of switching over to Web enabled services including e-filing through payment gateway. The Registry is also entrusted with the responsibility to closely follow at the international level the deliberations of the WIPO Standing Committee on Trade Marks and provide inputs on emerging issues relating to protection of Domain names and International Non-Proprietary names. The Trade Marks Registry also undertakes activities relating to awareness generation in the field of IPR from time to time.

6th ANNUAL REPORT OF GEOGRAPHICAL INDICATIONS REGISTRY
FOR THE YEAR 2007-2008
INTRODUCTION

The Geographical Indications Registry is a statutory organization set up for the administration of the Geographical Indications of Goods (Registration and Protection) Act, 1999, which was brought into force on 15th September 2003. The Registry is situated at Chennai. The Registry has started receiving applications for registration since 15th September 2003 and since then the Registry has received a total number of 121 (One Hundred and Twenty One) applications in the reporting financial year. 61 (Sixty One) Geographical Indications (GIs) have been registered up to 30th March 2008. List of registered GIs (Products), which inter-alia, include, Darjeeling Tea, Pochampally Ikat, Chanderi Sarees, Kota Doria, Kancheepuram silk, Mysore Agarbathi, Mysore silk, Madurai Sungudi, Kullu Shawl, etc. (List Annexed). During the reporting year a total number of 31 (Thirty One) registration certificates have been issued. (List Annexed).

The Registry has been organizing awareness programmes throughout India to promote registration of the Indian GIs. The sectors being focused on are tea, coffee, rice, spices, tobacco, horticulture products, handloom products, handicrafts, textiles, processed food items, and spirits and wines. Up to 31st March 2008, 86 sensitization seminars / workshops have been conducted, out of which 47 have been conducted by the Registry individually and 39 have been conducted by the external agencies. The Registry officials have participated as faculties in seminars / workshops conducted by external agencies. (List Annexed)

Software has been developed according to the workflow of GIR and on-line filing facility is available with out payment gateway. A full-fledged website is in place with limited interactive facility.

The publication of Geographical Indications Journal has been made in-house. A total number of 10 issues (including one Supplementary issue) of the Journal have been published during the year and total number of 45 (FORTY FIVE) applications have been advertised in these issues.

## Consolidated Chart of G.I. Awareness Programmes from April 2001 - March 2008

The chart shows the number of awareness programmes conducted each year from 2001-2008, categorized into G.I. Sensitization workshops by the Registry, participation of GIR officials in workshops conducted by external agencies, and the total number of programmes. The data is represented in a bar chart format, with years listed on the x-axis and the number of awareness programmes on the y-axis. The chart visually demonstrates the trend and distribution of awareness programmes over the specified period.
GIR Sensitization Workshop on Protection of Geographical Indications at Kodaikanal on 09.02.2008, in coordination with Mother Teresa University

Consultative group meeting of GI application No. 4, Shantiniketan leather Goods.

NATIONAL INSTITUTE OF INTELLECTUAL PROPERTY MANAGEMENT (NIIPM)

Intellectual Property Rights like patents, designs, trade marks and geographical indications play an important role in the international trade and commerce and also in industrial, economical and social development of a nation. India has made great progress in the grant and exploitation of Intellectual Property Rights. As a result, IPR-related activities have been on continuous increase in the country for the last several years.

The laws governing intellectual property rights involve complex techno-legal issues. Many complex factors are involved in creation, utilization and meaningful exploitation of Intellectual Property Rights. As such, there is a need for effective tools for improvement in knowledge on IPRs.

The Intellectual Property Training Institute was set up in the premises of Patent Information System, Nagpur by Ministry of Commerce & Industry and Government of India in August, 2002. It is a National Training Center, (the only one of its kind in our country) created for catering to the need of providing quality Training and Education in IPRs to various User-Groups so as to enable them to develop effective IP system. This institute has been revamped to create a National Institute of Intellectual Property Management (NIIPM). The Foundation stone was laid at Nagpur on 18th August' 2007 for construction of a new building.

OBJECTIVES

NIIPM is being developed as a national centre of excellence for training, education, research and think tank in the field of Intellectual Property Rights related issues. Besides training of Examiners and Controllers/Registrars of Patents, Designs, Trade Marks and Geographical Indications, NIIPM is envisaged to cater to the focussed needs of IP Professionals, IP Managers in the country.

It is also envisaged to impart basic education to IP user community, government functionaries and stake holders involved in creation, commercialization and management of intellectual property rights.

It will also undertake research into IP issues including preparation of study reports and policy analysis papers on subjects of national and international relevance.

NIIPM will also service as a think tank on IPR issues being constituted by the Government of India for policy advice.

TRAINING PROGRAMMES

The Intellectual Property Training Institute/NIIPM, Nagpur conducts number of training programmes on Intellectual Property Rights, Patents, Designs and Trade Marks, keeping in view the requirements of actual and potential users of patents and other intellectual property rights systems.
